**WHAT: Agile Project Management – Truths and Misconceptions Exposed****Description**

In the era of new technologies and Web 2.0, Agile has become the new flashy project management process. But what is Agile? Is it merely an industry buzzword? A collection of ideas? A process framework? Through a series statements posed to the audience, this interactive session will explore the truths and misconceptions regarding Agile and Agile project management.

Key takeaways will include:

- Understanding Agile and Agile methodologies
- Agile as it relates to Lean, Waterfall, PMBOK, CMMI, and EVM
- When and how to adopt and implement Agile

---

**WHO: Richard Cheng****Facilitator Bio**

Richard Cheng, Principal Consultant at Excella Consulting, provides consulting services to commercial and federal clients in the Washington, DC area. Richard coaches, mentors, and trains clients in understanding and implementing Agile and Scrum. He also leads Excella's Agile Training practice. A graduate of Virginia Tech, Richard has authored several publications on project management, presented at Agile and PMI sponsored industry events, is a member of Mensa, and holds certifications including Certified Scrum Trainer (CST), Certified Scrum Master (CSM), Certified Scrum Product Owner (CSPO), Certified Scrum Professional (CSP), PMI Agile Certified Practitioner (PMI-ACP) and Project Management Professional (PMP). Richard is a founder and on the executive committee of the Agile Delivery for Agencies, Programs, and Teams (ADAPT), an Agile in Government task force.
