

Hi George,

The final version of the Animated PowerPoint for this Thursday's ASQ meeting is attached. Can you please check to see if the very short movies on Slide 3 and Slide 53 actually PLAY on your computer?

Also I am attaching Joe Goodman's video presentation in two different delivery formats. Can you please check to see if either of them allow you to download his video into your computer?

Thanks for all of your help in coordinating this event: I hope that your colleagues will be proud of the results.

I look forward to seeing you again on Thursday.
In the meantime, I hope that you are well.

Sincerely-
Steve
