

ISO 9000 Users Group

Washington D.C. – ASQ Section 509

MEETING ANNOUNCEMENT – ISO 9000 USERS GROUP November 2005

The November 9, 2005 meeting of the ISO 9000 Users Group will be held at the Honeywell offices in Lanham.

This month will be a discussion session on: “Developing the Perfect Policy.” Everyone has to develop a policy for their quality management plan. But, what makes a “good” or even “excellent” quality policy? Join us for the discussion and find out.

The meeting will start at 5:30 pm. Attendees are invited to participate in the networking and the free pizza and soft drink portion of the meeting.

The guest speaker for the October meeting was Vinod Maheshwari, Quality Management Systems Manager, Swales Aerospace. Swales is certified to ISO 9001 and registered to AS 9100B. Vinod is helping Swales approach CMMI implementation in a manner complimentary to their ISO 9001/AS 9100B quality management system. And – Vinod is recognized as a founder of the Users Group. He shared a practical approach to an integrated path forward.

For additional information please contact: Eugene Kirsch, Chair, at Kirsch_Eugene@bah.com. Or, contact: Alan Lane, Vice-Chair (Meeting Facilities) at alan.lane@honeywell-tsi.com. Or, contact: Suzi Wesch, Vice-Chair (Communications) at swesch@verizon.net.

Directions: Honeywell Inc. is at 7515 Mission Drive, Lanham, MD. Mission Drive is a left-hand turn off of eastbound Greenbelt Road, about a mile east of NASA Goddard. Take Exit 23/Kenilworth Ave off the Washington beltway inner loop, heading towards Washington. Stay to the right and follow the signs to NASA Goddard. Turn left onto Greenbelt Road/Rt. 193. Continue past Goddard (on your left). There will be a stop lighted intersection for Mission Drive. Make a left on Mission Drive. Honeywell is on the right. Sign in at the guards' desk in the main entrance.

An alternative route from Washington DC would be to take the Baltimore-Washington Parkway north towards Baltimore. Immediately past the exit for the Washington beltway, take the exit for Greenbelt Road. Make a left at the light, heading eastbound on Greenbelt Road/Rt. 193. Continue past Goddard (on your left). There will be a stop lighted intersection for Mission Drive. Make a left on Mission Drive. Honeywell is on the right. Sign in at the guards' desk in the main entrance.
